

# When I grow up...

Arizona State Schools for the Deaf and the Blind (ASDB) operates 3 schools, Arizona School for the Deaf (ASD) and Arizona School for the Blind (ASB) & Phoenix Day School for the Deaf (PDS), as well as 5 regional cooperatives around the state serving students in area schools: North Central Regional (NCR), Eastern Highlands Regional (EHR), Desert Valley Regional (DVR), Southeastern Regional (SER), and Southwestern Regional (SWR).

## Sunday, June 10 - Welcome!

On Sunday, when you dropped off your camper we started camp with a 'neon dance party' in the Berger Performing Arts Center. We 'broke the ice' and danced ourselves silly. Afterwards we headed to the gym for more ice breakers & we worked together to establish

camp rules. Tired from our first day, we headed to the dorms to unpack and settle down for the night. We had a big day planned for Monday!

## Monday, June 11 - Day 1!

Bright and early we headed to the University of Arizona's High Ropes Course. We worked as a Jedi team to protect the Force today, and succeeded! The UA staff challenged our strength and we faced fears hundreds of feet in the air. Even those of us with our feet firmly planted on the ground assisted the team, so we could all be safe.

After spending time in the sun, we got to work on our first transition

activity. Everyone logged into Arizona Career Information System (AzCIS) and took an interest inventory. ASDB staff provided a short course on CPR and first aid - let's hope we don't have to use it!?

The night ended with a rousing team competition to invent a product and 'sell' it to the judges! Great times all around.

## Tuesday, June 12 - Day 2!

We woke early to attend a Mountain Rescue training to prepare for our camping trip up to Mt. Lemmon... We're here and having a blast!! Stay tuned to see what we're up to next!

Dinner-time clean up crew on the mountain!
