

SHARE YOUR Opinion

The ASDB Board of Directors is looking for a new superintendent and they need your help. Students, parents, teachers, staff, alumni, and the general community are invited to meet and provide input on the six (6) finalists interviewing for the position. Your feedback is important! Please participate in the Phoenix superintendent candidate forum either in-person or online!

At the forum, each finalist will give a 15-minute presentation on their background and how, as superintendent, they would execute ASDB's mission. Presentations will be followed by a meet-and-greet. Participants will have an opportunity to provide written feedback on the finalists to the ASDB Board.
